

TRUCK & BUS RADIAL TYRES

GP728

Available Sizes
11.00R20
12.00R20

Regional haul on & off road
Truck all position
Excellent durability under loading
Wear resistance

GP731+

Available Size
385/65 R 22.5

Suitable for middle/long distance
on good road conditions. 5
zigzag-groove structure provides
excellent traction and directional
driving performance, as well as
cornering stability.

PASSENGER CAR TYRES

GP718

Available Sizes
165/65 R13
185/70 R13

4 linear tread grooves provides
excellent directional driving
performance and prevents uneven
tire wear

GP301

Available Sizes
185R14C
195R14C

Computer optimized pattern pitch
provides you with quiet driving
experience. Lateral sipe design
provides tire with excellent grip
performance. Rib designed between
the circumferential pattern blocks
reduces the pattern creep with even
tread wear. Special groove design
reduces stone trapping and improves
tire wear

GP328

Available Size
205/70 R15

4 wide longitudinal grooves
enhance water evacuation, effective-
ly prevent tire lateral slip on wet
road
Central wide rib design combined
with horizontal grooves provides
nice stability, excellent acceleration
and brake performance at high
speed

GP306

Available Sizes
165/80 R13
175/65 R14
185/65 R14

Suitable for various premium saloon
cars. The innovative central rib
design provides excellent steering
and grip ability on wet road surface.
Balance of mileage and oil efficiency
performance. Perfect economy and
Environmental friendly

GP307

Available Size
175/70 R13

Suitable for various sub-compact and family
saloon cars. 3 longitudinal wide grooves
provides excellent water dispersion and
skid resistance. Lateral streamline grooves
combine with sipes provide excellent grip
and braking ability. 2 central longitudinal
grooves provides excellent tire wear
resistance and noise reduction

TRUCK & BUS RADIAL TYRES

GP702

Available Sizes
11R22.5
12R22.5

GP702 N

Available Sizes
10.00 R 20

GP702A

Available Sizes
7.50R16, 8.25R16
10.00 R 20, 12R22.50
11.00R20, 12.00R20

Suitable for all wheel position of middle/long-distance trucks on various road conditions

3 zigzag grooves combine with lateral sipes on shoulder provides excellent traction and prevents hydroplaning

GP705

Available Size
11.00 R 20

Suitable for all wheel positions of middle and long distance trucks on various road conditions. Special groove design effectively expels stone in groove bottom; avoiding damage to the groove. 3 longitudinal grooves combines with sipes effectively improves skid resistance.

GP708

Available Size
11R22.5

Suitable for driving position on paved road conditions
Special groove bottom design strengthens tire block and provides excellent self-cleaning ability

GP712

Available Size
11R22.5

Suitable for driving wheel position of middle/long distance trucks on various road conditions
Mixed groove pattern with open shoulder provides excellent traction, grip and anti-skid performance

GP718A

Available Size
8.25R20
275/70 R22.5

Suitable for all wheel position of middle/long distance buses and steering and trailer position wheel position of trucks on good road conditions
4 linear tread grooves provides excellent directional driving performance and prevents uneven tire wear

GP721A

Available Size
12.00R20

Suitable for short haul and low speed trucks on poor road conditions
Deeper thread pattern design offers enhance tire mileage for better economy

GP703

Available Sizes
10.00 R 20
11R22.5

Suitable for all wheel position of middle/long-distance buses and steering wheel position of trucks on good road conditions.

4 zigzag longitudinal grooves provides excellent directional driving performance

GP706

Available Sizes
10.00 R 20
11.00R20

Driving wheel position for construction site or on highway purpose

Dual tie-bar and wide foot print provide longer lasting tread life

GP709

Available Size
385/65 R22.5

Suitable for middle/long distance trucks on good road conditions
5 zigzag-groove structure provides excellent traction and directional driving performance, as well as cornering stability

GP715

Available Sizes
9.5R17.5
215/75 R17.5
235/75 R17.5
265/70 R19.5
245/70 R19.5

Suitable for all wheel position of middle/long-distance buses and steering wheel position of trucks on good road conditions

4 linear grooves design provides excellent directional driving performance and prevent uneven tire wear

GP720

Available Sizes
11R22.5
12R22.5
295/80 R22.5
315/80 R22.5

Suitable for all wheel positions of middle and long distance coach, steering wheel position of middle and long distance trucks

Specially designed for long distance transportation vehicles on good road conditions

GP722

Available Size
7.50R16
11R22.5

Suitable for driving wheel position of vans on various road conditions

Deeper tread pattern design offers enhanced tire mileage for better economy

GP704

Available Sizes
8.25R16
10.00 R 20
11R22.5

Suitable for driving wheel position of middle/long distance trucks on various road conditions

Directional mixed pattern design provides extremely good traction and prevent hydroplaning

GP707

Available Sizes
7.00R16
275/70 R22.5

Suitable for all wheel position of middle/long distance buses and steering wheel position of trucks on good road conditions

4 circumferential linear grooves combine with diamond-shaped tread blocks effectively enhance driving performance

GP710

Available Sizes
7.50R16
8.25R16
12.00R20
12R22.5

Deep and sturdy tread pattern for high mileage, stone & mud clearance

Optimum carcass construction for casing durability and uniform wear

GP717

Available Sizes
10.00 R 20
11R20
11R22.5
12.00R20
12R22.5

Suitable for all wheel positions of earth mover or mine vehicle on hazard road and off road condition
Streamline pattern combine with rigid tread chunks provides excellent traction and driving performance

GP721

Available Sizes
10.00 R 20
11.00R20
12.00R20

Suitable for short haul and low speed trucks on poor road conditions

Deeper thread pattern design offers enhance tire mileage for better economy

GP723

Available Size
11R22.5

On normal road conditions
Middle long haul truck
All position

Excellent wear resistant, Durability, Economy
